Celebrate Our Past and Present Witness through a Commitment to Children and Justice

We invite members and friends of the Presbytery of Philadelphia to join us as we raise a one-time offering of $300,000 to be equally distributed to eight local initiatives as they launch new efforts to promote the education of children, disrupt the school-to-prison pipeline, and elevate restorative justice.

In this unique moment in our history, we trust together we can impact the Greater Philadelphia area more than we could do alone!

Born in FAITH Rooted in GRACE Living into HOPE

Elevate the education of children, disrupt the school-to-prison pipeline, and promote restorative justice.

The Philadelphia City School District reports a graduation rate of 68% and the Chester-Upland School District reports a graduation rate of 59%. The national average graduation rate is 83%.

Philadelphia’s prison population exceeds 7,500, more than twice the national average. Young people of color and/or with disabilities are at an increased risk for in-school discipline that creates a pipeline from school to prison.

The return to prison rate in Philadelphia is reported as high as 60% in the three years after being released. Individuals often lack access to employment, social services, and necessary support to become productive citizens.
